ORDER

The parties move to suspend all case management deadlines pending global settlement discussions with other similar cases. (Doc. 25.) The Court agrees that halting the deadlines will conserve judicial resources and promote efficiency and therefore **GRANTS** the motion. The Court will also stay the case pending the outcome of the global mediation. The Clerk is **directed** to add a stay flag to the docket. Once the stay is lifted, a case management conference will be set. The parties must file a status report on the settlement efforts by **October 14, 2024**.
